

- **Uncoated viscose fabric**
- **Very high adhesive strength**
- **Pollutant-free**
- **Can be torn by hand**
- **Flexible and supple**
- **Good media resistance**

The special fabric tape combines a high-quality viscose fabric with a particularly strong adhesive based on synthetic rubber.

The special fabric tape is particularly suitable for fixing the installed loop conductor under protective coatings.

Technical Data	Item No. A-4957-0
Adhesive:	Synthetic rubber
Carrier material:	Viscose fabric
Color:	white
Thickness	0,3 mm
Adhesive strength on steel	> 12,5 N/25mm
Tensile strength:	> 200 N/25mm
Elongation at break:	> 11,25 %
Temperature resistance:	-40 bis +105 °C
Width:	50 mm
Presentation:	50 m roll
